IN MEMORIAM

In loving and fond remembrance of our darling sister, Emerald Williams (Nee Whiteside) who departed this life one year ago today, May 11, 1920. Surrounded by friends we are lonely.

In the midst of our pleasures we are alone.

A smile on our face still a heartache aches and longing for you.

There are griefs that cannot find comfort.

And wounds that cannot be healed; There are sorrows so deep in the human heart.

That cannot be half revealed.

If we had seen you at the last. And heard the last wish from your heart.

We would not feel so bad.

We did not know the pains you had. We did not see you die.

We only know you went away. And never said goodbye.

Heaven now retains our treasure. Earth the barren expanse keeps; Lonely hearts are always lingering; Where our loving sister sleeps.

Sadly missed by Sisters, Brothers, Daughter, Husband and all who loved her.

IN MEMORIAM

In loving remembrance of our dear sister Emerald Williams, who departed this life one year ago May 11, 1920. When sorrow comes, as it must, in God alone we must place our trust. There is no power in mortal speech. The anguish of our soul to reach.

No voice however sweet and low. Can comfort us or ease the blow; Take strength that will sustain us then.

With all that kindly hands will do. And all that love may offer too.

We must believe throughout the test. That God has willed it for the best.

Sadly missed by Beattie Mayhew and Alice Whiteside, sisters; Sam Patterson, brother; New York City.

IN MEMORIAM

In loving memory of my dear husband, J. W. Littlefield, who departed this life one year ago, May 10, 1920. You are gone but not forgotten. Nor shall you ever be.

As long as life and memory last, I shall remember you.

If I had seen you at the last, And heard your dying breath; And said the last good-bye from your heart.

I would not feel so bad.

I did not know the pains you had. I did not see you die.

I only knew you went away. And never said goodbye.

Sadly missed by Virginia H. Littlefield, wife and mother.

IN MEMORIAM

In sad and loving memory of our darling father, Henry S. Harwood, who departed this life one year ago, May 10.

A loving father true and kind. No friend on earth like him we find.

God called him home, it was his will. But in our hearts he lingers still.

For all of us he did his best. May God grant him eternal rest.

Sadly missed by DAUGHTERS AND SON.

IN MEMORIAM

In memory of our dear and beloved father, Henry S. Harwood, who departed this life one year ago, May 10, 1920.

One gone but not forgotten.

One year ago, May 2nd, 1920. Our beloved sister and daughter, Helen.

Passed from this earth. To her home in the Heaven, Guarded and guided by angels, Who ever take care.

To see that God's will, Is done everywhere.

Sadly missed by brothers and sisters, Mother and father.

IN MEMORIAM

In loving memory of my dear son, Leroy Gregory, who departed this life May 19, 1919.

The sweet to be remembered, And a pleasant thing to find.

That the you may be absent, You still are kept in mind.

Sadly missed by FLORENCE GREGORY DAVIS, mother.

KATIE COLE and IDA CROSS, aunts.

McKENLEY GREGORY, brother.

IN MEMORIAM

In loving memory of our dear mother, Carola Reynolds, who departed this life, May 11, 1916.

One of the roles played by this king of all character actors, is that of "Black Mike" Davis, evil genius of the underworld. The identity of the other role is kept a secret as a challenge to viewers. As Chaney's make-up in the part is unbelievable and impenetrable even by his personal friends. On Wednesday and Thursday, the feature will be "The Heart of a Woman," it is a real story of average people their lives and dislikes, hates and loves, joys and sorrows.

"THE SPORT OF THE GODS" AT THE MOVIE

MANHATTAN GARDEN OPENS 770 TO THE PATRONS ON TIME

Although the weather was not made to order for an open air entertainment, the Manhattan Garden was thrown open to the public last Thursday night. Quite a few of the patrons braved the atmosphere and enjoyed the treat this week. Tomorrow's program is a hit that Misses Rose and Carr have decided to repeat it next week. They are featuring "Cameo," a Rose in the Devil's Garden, "Palestine" and Kentucky Blues.

Mr. President:
We come to you today, bearing the aspirations of 12,000,000 of God-fearing American citizens of unquestioned loyalty. Our group, suffering from traditional civil, social, and industrial handicaps, as well as a striking absence in racial type, is compelled to resort to the constitutional right of petition as long as unrighted wrongs, unrequited toil, unmarked lawlessness, and unjust stain the flag and dim the glory of democracy. If the South is permitted to continue to oppress the Negro in the South by counting the Negro in, to get a basis of representation, and counting him out to keep all the rights in the hands of the white group, it is a way to keep the North. Hence the demand to review the representation in Congress. Further, we would suggest that if we were able to vote directly, we would be able to vote directly in Congress. The representation in Congress was based on population, the population of the colored people, would entitle them to approximately fifty members of Congress. If one hundred and twenty-five colored people did not, in some districts at least, exercise the suffrage right, the representation would be unfair. Lack of intelligent organization on the part of the colored people due to intimidation and force, and the lack of intelligent organization on the part of the colored people, would entitle them to approximately fifty members of Congress. That women are voters the problem is more complex. The citizen's suffrage in a democracy only when the Government protects the weakest against the strongest.

We congratulate you that the Department of Justice is doing its duty to uncover the wrongs of peonage, the modern form of slavery, which, by the way, is as old as the slave system. But, Mr. President, we call attention to conditions existing in the Department of Justice here; and we respectfully ask that an investigation be made with a view to banishing all difference based upon race or color in all the departments of Government. Not only in the Department of Justice, but in many other departments right here under the shadow of the Capitol, the heads or chiefs or officers subordinated are practicing forms of race prejudice in the same manner as peonage in Georgia. We commend the Secretary General and the Secretary of the Treasury for coming to be removed obnoxious signs of race differences in their departments. Our petition carries with it a wish for racial unity in naming men to office. We will regard highly their call for support the Constitution regardless of color. We petition you to inform the Congress of the United States that educational privileges are not equal to black and white alike in the South.

Lawlessness manifested in lynching, riots, peonage, and discrimination in the administration of justice.
Unjust restriction of suffrage.
The violation of the Constitution in the transportation of interstate passengers.
The American practice of discrimination and segregation on account of color in the Government Department in Washington.

We petition you to do your utmost to bring about such a revision of election laws and practices as will safeguard the suffrage and guarantee to every man and woman in America the free and untrammeled use of the ballot for protection and for the rejection of free suffrage. We petition you to inform the Congress of the United States that educational privileges are not equal to black and white alike in the South.

**NEWSPAPER FORCED
TO MOVE BECAUSE OF
EMPLOYING NEGROES**

Associated Negro Press.
NEW YORK, May 18.—Refusal to comply with an order to discontinue the employment of Negroes in their offices has forced "The World Tomorrow" to move its quarters from 125 East 28th street to 105 Lexington avenue. The order came from the owners of the 28th St. building, the National Association for the Advancement of Colored People, of the situation, the editors of "The World Tomorrow" say. "We should have refused such a demand," they say, "but in addition we are proud of the fact that one of the most faithful of our office boys in Harlem is a Negro. That he should be discriminated against is more than one office building in New York City is a practical denial of the fundamental principle of brotherhood and Christianity."

**WOMAN NOT INDICTED

Associated Negro Press.
DAYTON, O., May 18.—The grand jury in session at Dayton has found no true bill in the charge of a woman indicted as having murdered a Negro man, colored who conducted a "beauty parlor" for Negroes in the city of Dayton, Ohio. The woman, November, was alleged to have buried an axe in the head of her spouse during an altercation and has been out on bail since that time.

MINOR APPOINTMENTS
IN STATE OF GEORGIA**

Associated Negro Press.
ATLANTA, Ga., May 18.—By order of the Harding administration promulgated by the postoffice department, all eligible for appointment to postoffice positions in Georgia and eligible for appointment to rural mail carrier positions in Georgia are not to be considered for the bulk of the federal patronage in that and all other states of the Union, with the exception of the postoffice and only to Henry Lincoln Johnson, the Negro Republican national committee chairman, as he has been named in the order has not yet been issued as to the "show" appointments which the subject is entitled to. It is understood that they will take the same course. This action will certainly put the policy of administration as to the minor appointments in Georgia.

Officials Favoring Square
Deal For Negroes Find
Many Obstacles In Their
Effort To Overcome The
Southern Idea Born During
Wilson Regime.

The Associated Negro Press.
WASHINGTON, May 18.—Color prejudice ramifications in Washington are being pointed out in as much as there is universal hope that many of the conditions will be corrected under the new administration. The Southern idea of "dealing with the Negro" has had an eight year sway, and the most has been made of the time.

These practices have been so effective in building up the Southern idea in Washington where colored people are, except those conducted exclusively by the colored people, who can "pass" run the gamut. The same brand of prejudice is nationwide with people from everywhere, made up of not only white back home, but also of the colored people, who are "black" in the fine line of "black man."

The keynote of governmental discrimination is the Civil Service department. They have worked the scheme of the colored people, who are "black" in the fine line of "black man." The keynote of governmental discrimination is the Civil Service department. They have worked the scheme of the colored people, who are "black" in the fine line of "black man."

The nefarious Wilson executive order of compelling the photographing of the program which is wholly out of harmony with the principles of the Constitution should be abolished. Notwithstanding this prima facie method, hundreds of applicants are certified for various positions, only to find when they put in an appearance that "the place has just been filled."

During war times there were large numbers of pathetic instances where men and women came to the end of long distances, only to find the door closed in their faces. Each of these various humbles is known as a "chief clerk" and an "appointment clerk." These are the gatekeepers who do the work in the matter of appointments, but it could not be carried on successfully without the endorsement of the "man on top."

Take a specific case in point that happened in the department of Commerce, under Secretary Hoover. It is stated that a young colored man was sent before the department to the appointment clerk with the instructions that he be placed, he having been recommended by the department. The automatic appointment clerk informed the young man that "there is no place for you in the department, you are not a graduate of the war among whites, and the best I can do now is place you on as a messenger for the department."

There are hundreds of cases like this. There are hundreds of persons in Washington, and are called upon to perform his duties, and yet they are not permitted to advance. There are scores of messengers, who are called upon to perform his duties, and yet they are not permitted to advance. There are scores of messengers, who are called upon to perform his duties, and yet they are not permitted to advance.

War and Navy Departments have been in the city several days, and is very active in the agitation in behalf of the colored people. The National Guard order changed which prevents colored Americans from being recruited in the army. John W. Lewis, president of the Industrial Savings Bank, has returned from Atlantic City, where he has closed the deal for the property for the erection of the new \$250,000 Orington Hotel. The location is ideal, and will be a permanent home for citizens to "America's Playground."

The Associated Negro Press.
WASHINGTON, May 18.—The United States branch Police Court of Washington, D. C., presided over by Judge Hardison recently adjourned out of respect to the memory of Attorney John A. Moss, who died a few days ago. Attorney Moss was among the first Negro lawyers to take up practice in the District of Columbia. Following a series of eulogies by a number of Mr. Moss' associates, including the Hon. J. Edgar Hoover, H. H. Tignor, C. S. Williams and J. M. Hicks, Judge Hardison paid tribute to the man who had been regarded as a landmark of the District Court. He was a man of notable events, and a man out of the ordinary. The judge stated, "Moss was a living monument of a time that had passed away. He was a pioneer of his race. Moss was a man of unusual attainments and had a great breadth of view. I can appreciate the sentiments voiced by the preceding speakers."

GOV. HYDE FINDS
LINCOLN INSTITUTE
SADLY NEGLECTED

Buildings In Dilapidated
Condition, School has suffered
from Careless Policy
Of Past Administrations
May Take Several
Years To Build Up.

From The St. Louis Post-Dispatch
JEFFERSON CITY, May 16.—Gov. Hyde and Lieutenant-Governor Lloyd, in their visits last week to several of Missouri's State institutions, discovered the extremes in accomplishment of purpose in two educational institutions. At the School for the Deaf in Fulton they found a remarkable degree of efficiency. The Lincoln Institute in Jefferson City, the State school, which is supposed to provide a normal school education for Negroes, they found a glaring example of makeshift and neglect.

While the State institution so far visited by the State Executive, has had the support which it should have had at the Lincoln Institute, the school for the Deaf in Fulton they found a remarkable degree of efficiency. The Lincoln Institute in Jefferson City, the State school, which is supposed to provide a normal school education for Negroes, they found a glaring example of makeshift and neglect.

Very naturally there is a difference between institutions in the degree of efficiency attained by the management with the material at hand. At the School for the Deaf there was every evidence that the accomplishments were almost marvelous. At Lincoln Institute, the conditions which the Governor characterized as "most unsatisfactory," probably could not have been materially improved under any circumstances.

Neither the Governor nor any of those who accompanied him on his visit to Lincoln was able to place the blame for conditions which existed on anybody or anything except the lack of training of the institution by previous administrations. The buildings are old, out of repair, the roof is falling in, the plaster was falling from the walls in many places, floors were broken and the school was in a state of disrepair. The buildings are fire traps, many of the halls being narrow.

Although the school is supposed to provide normal school training for Negroes, no laboratory was found to be equipped with the latest scientific apparatus. No microscope, and that the Governor said, was so "wobbly" he didn't believe in it.

The Governor found workmen employed putting partitions up in an attempt to provide additional room, but the school had been in a state of disrepair for many years. The Governor found workmen employed putting partitions up in an attempt to provide additional room, but the school had been in a state of disrepair for many years.

The Governor also inquired into a recent purchase of 30 acres of land in the State of Missouri. He had received information that the land had value of not to exceed \$10,000. The \$20,000 was appropriated for the purchase by the last Legislature, but the bill contained a clause that the money was not to be used until approved by the Governor.

It is reported that the picture "The Birth of a Nation" is being shown in many theatres in the United States, and is being shown in many theatres in the United States, and is being shown in many theatres in the United States.

**ROOF OF \$40,000
THEATER COLLAPSED**

BALTIMORE, Md., May 18.—A large crowd of people gathered today to see the collapse of the roof of the \$40,000 theater in Baltimore. The roof collapsed, and the theater was in a state of disrepair.

NEW EFFORTS TO LEASE CHAMBLISS

MAIO, May 18.—Efforts were made last Monday by the families, former Chicago Congressman, to prevent the release of Don Williams, former Chicago Congressman, from the penitentiary. The effort was conducted by Mrs. Emma Williams, 15-year-old white girl, who is colored woman, and frequent victims of that race.

Williams applied for his release before Judge A. Lewis in the Superior court. The application was in the form of a writ of habeas corpus, and that a clerical error had been made in the mittimus under which he was sent in the penitentiary.

The mittimus charged Williams with "subduing" the girl. His lawyers claim it should have read "harboring" and want him released because of the error. A writ of habeas corpus was first asked, but the supreme court ruled a writ of superpetua was the proper procedure. A continuance was asked by the attorneys for the state so they might have time to amend their pleadings.

Foreigners Increase In 20 States. Decrease In 28.

WASHINGTON, May 18.—The Bureau of the Census recently made public a preliminary statement, subject to correction, showing the foreign-born white population of each state as returned at the last three censuses. According to this statement, this element of the population increased between 1910 and 1920 in 20 states and the District of Columbia and decreased in 28 states.

In the previous decade, 1900 to 1910, the increase was 1,000,000, 30.1 per cent between 1880 and 1900, 34.3 per cent between 1870 and 1890, 18.8 per cent between 1850 and 1870, total for the United States, 13,702,887, 1920, represents an increase of 2.7 per cent since 1910, as against an increase of 30.7 per cent between 1900 and 1910, 12 per cent between 1890 and 1900, 33.1 per cent between 1880 and 1890, and 32.8 per cent between 1870 and 1880. Furthermore, the numerical increase in the foreign-born white population during the past decade, which amounted to only 358,442, was very much smaller than the corresponding increase during any preceding decade since 1850; in fact, the past decade is the only one since 1850 during which the increase in this class of the population has been less than 1,000,000.

He stressed the important work that has been and is being done by the service bureau of the A. & M. College.

This is the first time ever reported that a marriage license could be secured at bargain prices in Texas. A large number of colored couples took advantage of

SAYS SPAIN MUST WATCH CENTRAL AMERICA

THE ASSOCIATED NEGRO PRESS, NEW YORK, May 18.—Prof. Rafael Altamira, writing in the Times, discussed the position of the Central American Republics, saying it is necessary for Spain to take in the consequences there. He declares that protest and recommitments are useless but that questions relating to Central America should be studied with regard to conditions in mind and that toward the consolidation of Spanish interests, which he felt assuredly must have the result of a strong political unity among the small Republics.

In the meantime, he concludes, Spain must and the part interested spectators, not indifferently, but alertly, paying all possible attention called for by her attachment to the Spanish-speaking nation and by the duty of Spain to keep vigil over the destiny of the people of the Spanish Empire.

BELIEVES THAT KU KLUX KLAN IS AT WORK IN CHICAGO

CHICAGO, May 18.—Fire that broke out in five places at once threatened last Sunday night to destroy the unique three-story house at 3017 Grand Boulevard owned by Murray Wolbach, who has an office at 8 North Dearborn street. The interior was damaged to the extent of \$5,000, according to the firemen. It is said Wolbach recently was approached by colored persons who wanted to buy the house, and he refused to sell them. The police profess to believe that it may be the work of the K. K. Klan.

colleges, compass and other tools used in identification work. From the marks on the right forearm, six scars on the scalp and two on the left ear, tattooed with the description of Mahoney, the posing of preliminaries in measuring Williams, Lieutenant Wagner pronounced the man the suspect.

"No, he's not the man you want," was the lieutenant's final remark as he scrutinized the impression made on regulation cards with ink. "It looks as if you men are going to have to search further for Mahoney, although Williams squares up with the record with the exception of his finger tips."

CIRCUIT FOR THE LAFAYETTE PLAYERS TO BE EXTENDED

THE ASSOCIATED NEGRO PRESS, NEW YORK CITY, May 18.—An announcement was made this week by the Quality Amusement Corporation, that extensive arrangements are being made to present the Lafayette Players and other attractions under the corporation's management. In other words, not included in the present circuit.

A strong company of the Lafayette Players will soon be sent on a tour playing in many of the larger cities of the Middle West and East, and negotiations are under way to send another company to the West to play in the larger foreign countries in the near future.

Commencing Monday, May 16, the Lafayette Players will be seen in Norfolk, Va., Newport News, Va., opening respectively at the Attucks and Lincoln Theatres. The four hundred thousand dollar theatre being erected by the Quality Amusement Corporation in Baltimore known as the Douglas is being rushed to completion and will be opened some time in the fall.

Out of the Quality Amusement Corporation has temporarily withdrawn the Lafayette Players from the Avenue Theatre, Chicago, due to local conditions, the houses under its management are enjoying good business. The Lafayette Theatre, New York, has been playing to standing room for several weeks. The Dumbier Theatre, Philadelphia, is at present doing a large business than any house in the city, under colored management. The production of Mahoney, which for several months worked hard in theatrical business, also affected the affairs of the Quality Corporation in a big way. President Brown and his associates feel elated over the revival of good business which promises to continue.

CURRENT OPINION IN AMERICA DANGEROUS

THE ASSOCIATED NEGRO PRESS, MADRID, May 11.—The charge that current opinion in America is dangerous to the peace of the world is made in an editorial printed by La Libertad on Spanish-American relations. The newspaper says:

"No one who is an average observer, reading the news of happenings in the United States, can deny the existence there of current opinion dangerous for the peace of the world. Public and champions of the new imperialism there are fostering this spirit of the North American mind to proclaim their mandatory and executor of all kinds of provincial decisions. They are making the superiority of their race over all the other races of the earth into a dogma and are preaching the necessity of organizing a military and naval power which shall become an arm for performing tasks confided to them by God."

These ideas of domination are those which guide those men in Cuba, Santo Domingo, Mexico and Panama, and militate through their deeds and conduct the immense moral value of Washington's and Lincoln's work, and denigrating the Monroe Doctrine, transforming what was the liberating cry of "America for Americans" into a scheme of slavery and racialism. Do not miss all her efforts for the good of America, where Spain has her greatest moral patrimony, and any one who does not see in the transatlantic continent for the future human task is senseless or blind."

THE A. N. P. EDITOR ADDRESSES HOWARD U.

WASHINGTON, May 18.—A most interesting address was made to the students of Howard University by the Editor of the Associated Negro Press, upon the subject "Racism and Justice, at the open session of the program to promote the reading of Negro history and literature being conducted by the Omega Psi Phi Fraternity."

The value of reading Negro history and current literature as found in the Negro magazines and newspapers of the country was most effectively brought to the attention of the students of Howard, Mr. Bowdler said in the many allusions that the holding of conferences of white and colored editors, to come together to be heard by the Negro in the publication of news material. GIANTS WIN TWO OF FIRST THREE FROM COLUMBUS

Drake And Oldham Are Victors, Dudley Joins Team And Stars In The Field

COLUMBUS, Ohio, May 16.—Overcast weather and a thirteen hour journey after the closing double header Friday between the St. Louis Giants and the Chicago Cubs proved the undoing of the St. Louis Giants in their opening tilt with the Columbus Buckeyes. The Giants losing by a score of 7 to 3. The famous wrecking crew were a bit tired to put up much of a battle but were timing themselves for Sunday's game.

Leaving home short of pitchers, Snyder Brooks, "Old Hoss" and a new pitcher to the mound and pitched a good game in spite of errors behind him that counted. The wrecking crew were down and could not find the leather in the pitcher's box.

Victory of the Buckeyes, a very fast outfielder did himself good during Brooks' four times getting three hits and a game on an error, stole three bases and scored three times. Roberts and Buckner were touched, but for seven hits but he kept them well scattered and the Giants were unable to count.

Score by innings:

St. Louis Giants 0000210—37
Columbus 02011—10—7-2

Drake Wins Sunday

When Manager Lloyd of the Columbus Buckeyes came into the first inning after second baseman Thomas singled, Columbus Buckeyes missed the rubber game. Lloyd was the game, with the St. Louis Giants, who won the second of a five-game series by a score of 8 to 1.

Pitcher Drake showed that he comes from Missouri, the Giant with plenty of speed and accuracy, hitting the Columbus men down with 5 scattered hits, all of the single variety. Of the five Manager Lloyd singled, two while Alexander, who has come down of left guard, also made a brace of them.

The visitors had little difficulty making the delivery of their 11 safe hits made off the Columbus hurler. The best clutch of the game came in the sixth inning when Charleston, the "Gee" Babe Ruth, cleaned the socks with a three-run single.

Bennett led the Giants attack with three hits in five trips to the plate. Pitcher Drake came next with two hits in three trips up.

Manager Lloyd had an off day in the short field yesterday, leading Drake's grounder in the fifth, and making a mess of Blackwell's roller in the final inning.

The weather was slightly too cold for baseball fans, but despite the chill 2000 fans witnessed the game.
